# Make your own HAMMERBARN CHECKOUT

**YOU WILL NEED:**
- different sized boxes & cardboard rolls
- paints, tape, string, cardboard & scissors
- a grown-up to help

**1** Grab a box for your counter base and stick on strips of cardboard to make the sides and top. Hang the bunting between the strips.

**2** Make shelves by sticking 3 boxes together and snipping out the fronts. Stick your goods for sale to cardboard rolls and display them. Put up the staff poster and pop on your name badge.

Don't forget your sausage sizzle before you leave!

## TOP TIP

Make a till, too! Find a shallow box or shoebox lid and paint it black. Snip out the till below and stick it to thick cardboard. Fold it along the dotty line so the top bit stands up and stick it to your box. Give your customer their bank card and get ready to sell some stuff – doot!

You could say:
**"AISLE 300. LEFT AT THE FAKE GRASS. IF YOU HIT A FLAMINGO, YOU'VE GONE TOO FAR."**
